NOTICE:

All Assurant Health Access plans are fixed-indemnity plans with limited benefits. This means they are not major medical insurance plans. Fixed indemnity benefits are provided for hospital confinement and specified medical and surgical events. These benefits are paid in specific amounts for covered events without regard to the costs of services rendered. This plan does not provide expense reimbursement for charges based on the health care provider's bill.

Benefits and availability vary by state. Benefits are paid per covered person.

1 IL residents receive a maximum benefit of \$100 per calendar year.

2 The surgical services benefit is subject to your contract's terms and limitations. The benefit is determined by the CPT code for the procedure. Unlike Medicare, you may be responsible for the difference between the physician charge and the plan benefit payment. For help maximizing your plan's benefits, call Patient Care at 800.305.0377 or Assurant Health at 800.533.7654. Call HPA at 877.277.0080 for help negotiating discounts and payment plans on amounts you may owe.

3 IL residents receive a maximum benefit of \$200 per calendar year.

4 IL residents receive a maximum benefit of \$150 per calendar year.

5 Discounts may vary or may not be available in all states. Discount cards are not insurance.

A pre-existing condition is a sickness or injury and related complications for which any of the following occurred during the 12-month period immediately prior to the effective date of your Health Access plan:

- You sought, received or were recommended to receive medical advice, consultation, diagnosis, care or treatment;
- You were prescribed prescription drugs;
- You experienced signs or symptoms significant enough that either:
 - the signs or symptoms should have or would have allowed a health care provider to diagnose the condition; or
 - the signs or symptoms reasonably should have or would have caused an ordinarily prudent person to seek diagnosis or treatment

We will not pay benefits for charges incurred due to a pre-existing condition or its complications until you have been continuously insured under the plan for 12 months. After the 12-month period, benefits are paid for a pre-existing condition as long as the covered event occurs while the plan is in force.
